Dear Parent/Guardian,

Choosing the best school for your child is a vitally important decision. Parents need to be sure that, in addition to a sound education, pupils will be cared for in a happy and safe environment. In this prospectus we offer you an insight into some of the opportunities available to your children at Hawthorn High School.

Here at Hawthorn, we believe we can offer the opportunities and security children need to achieve their best. Everything that we do is driven by our commitment to provide your children with the highest standards of teaching and learning. In return we have very high expectations of student behaviour and their commitment to the learning process. Teachers lead by providing a mature example so that mutual respect and tolerance are the cornerstones of school life.

As a school we are very proud of the young people in our care and their excellent levels of attendance, academic and sporting successes and participation in a wide range of extra-curricular activities. Our staff are dedicated to helping each child achieve his or her full potential and to this end work tirelessly to promote the effective partnerships that have been forged over many years amongst parents, teachers, children and the community we serve.

Recent academic years have seen very significant increases in the percentage of our students achieving the gold standard of 5 or more GCSEs at C grade or better (including English and Maths), those achieving at least 5 A\*/As at GCSE and Sixth form students being admitted to university places of their choosing (including Yale, Oxbridge and Russell Group Universities); these results are testament to the academic support that the school provides for pupils of all abilities.

I hope that this pack provides all the information you might need but we will be delighted to speak to you should you require any further information about the life and work of Hawthorn High School, please do not hesitate to contact us.

Yours sincerely,

Mrs. A. Lambert
